I understand to qualify for inactive status my family and I must be traveling or relocating at least 100 miles from the Club for a minimum of one year. I further understand there will be a monthly charge of \$28 to maintain my membership while it is on inactive status. I am fully aware until such time as my Family or Single Athletic membership is re-active neither myself nor my family are entitled to use the Club facilities. I understand that my balance must be paid in full before my membership is converted to inactive status.

If the contents of the locker are not removed by the effective date indicated above, they will be removed and held for 30 days.
