TOURNAMENT RULES

Men's and Women's NCAA Basketball rules shall be used by officials, scorekeepers and clock-operators, unless otherwise provided herein. Athletic Directors and/or team coaches are responsible to make sure that all players know and understand tournament rules.

Coaches must report all eligible players to the game scorekeeper prior to the start. All players entered in the scorebook must be listed on the team roster. Ineligible players will result in game forfeiture.

Any rule interpretations or questions should be reported to the tournament host and subject to review by the Tournament Committee on-site. Tournament Committee shall consist of the host club's Athletic Director, the NACAD President and the host Athletic Director from the previous year's tournament. If the NACAD President and/or previous host Athletic Director are not present, they can be replaced by the Athletic Director for the following year's tournament and then any other NACAD Club Athletic Director in attendance. Host Athletic Director has the authority to utilize his or her basketball director in his or her place if they are not present.

1. All games shall consist of two stopped-clock 20-minute halves. A 30-second shot clock is mandatory.
2. If one team is leading by 20 points or more in the second half, there will be a "running clock" for the last 5 minutes of the game, and if one team is leading by 30 points or more in the second half, there will be a running clock for the last 10 minutes of the game.
3. If a game is tied at the end of regulation play, there will be a 3-minute overtime period. (Same clock rules as in #1.) Additional overtimes will follow the same format.
4. Three 30-second time-outs will be allotted each team per game. An additional timeout will be given to each team for each overtime played. Remaining time-outs can be carried over into overtime.
5. The 20'9" three-point line will be used for all divisions unless unavailable.
6. Two technical fouls will disqualify that player from that game as well as the following game.
7. Three technical fouls on a team of an unsportsmanlike nature shall result in the immediate forfeiture of that game.
8. The seventh team foul in a half puts the opposition in the "bonus." On the 10th team foul in a half, two foul shots will be awarded (double bonus).
9. Five fouls disqualify a player from the game. Technical fouls count as a personal foul as well as a team foul.

10. The following criteria should be used to break ties within round robin/pool play:
11. If two teams are tied:
- a. The result of head-to-head competition between the teams will break the tie.
 - b. If the teams did not play each other, the records of each team against common opponents will be used to break the tie.
 - c. If teams are all still tied, the point differential (max 15 points) of each team against common opponents will be used to break the tie.
- If three or more teams are tied:
- a. The result of head-to-head competition between the teams will break the tie.
 - b. If all teams involved in the tie did not play each other, the records of each team against common opponents will be used to break the tie.
 - c. If teams are all still tied, the point differential (max 15 points) of each team against common opponents will be used to break the tie.
 - d. The two remaining teams will refer to the head-to-head two-team tiebreaker rule.
12. If any team forfeits or does not show up to a game, they are automatically eliminated from playing on Championship Sunday.
13. All teams that participate in divisions with five or more teams are guaranteed four games. All teams that participate in divisions with four teams or less are guaranteed three games. All teams that participate in divisions with three teams or less are guaranteed two games.
14. Game time is forfeit time. Teams must have 5 eligible players to start the game.
15. All players shall always exercise conduct of the highest sportsmanship. Any violations, abuses and/or poor sportsmanship may be reported to the tournament host and subject to review by the Tournament Committee on-site.
16. Protests will be resolved immediately by the Tournament Committee. All tournament committee members must be available by cell phone when they are not physically present at games.
